

## SUBSEA BLADDER BOX

### DESCRIPTION

Seadraulics Bladder Box offers a valuable solution for efficient, adaptable, and safe underwater liquid storage and transport. Their versatility, rapid deployment, and resistance to underwater conditions make them an essential asset for various subsea operations.

The Bladder Box comes with a 100L Bladder and 316 stainless steel fittings for easy deployment. Thanks to the compact style, the bladder box can be fitted in confined spaces, enhancing the operational capabilities.

### FEATURES

- 100L Bladder Capacity
- 316 Stainless Steel Mounted Fittings
- Dimensions: 53 x 53 x 57 cm
- Weight: 32KG
